Do you want to work in one of the best regions in South Australia, with more sunshine than the Gold Coast and less people?

Do you want to live in a rural setting and enjoy a relaxed lifestyle, while only being 1½ hours from great shopping options?

Do you want the opportunity to work in a family owned and operated company where your knowledge and experience can shape the future directions?

**ABOUT US**

Angove Family Winemakers was established in Tea Tree Gully in 1886, before moving operations to Renmark in 1910. We have a dedicated and enthusiastic team who take pride in producing and packaging a wide range of products including quality wines from all SA regions, Stone's ginger beer and St Agnes Brandy.

Our operations in Renmark include a commercial and micro winery, distillery and brandy storage, bottling production facility, warehouse for storage and despatch and allied activities including maintenance, laboratory and administration.

**ABOUT THE ROLE**

This role, based at our Renmark site, is an exciting opportunity for an experienced production leader to make a significant contribution to our business. We are seeking an organised, passionate, 'hands-on' leader to be an integral part of our successful and dynamic multidimensional production team.

Our Bottling & Warehouse Supervisor is responsible for:

- Supervision of bottling processes for a range of wine and spirit products,
- Warehouse storage of packaging materials, finished imported and locally produced products; and
- Despatch of our products to a range of customers.

Specific duties will include:

- Supervision of production and warehouse staff and operational activities
- Rostering and time keeping systems / processes
- Developing and delivering hands on operationally focused training
- Identifying issues in efficiency and assisting to develop improvement strategies
- Assisting in the development of operational, quality, safety and HACCP systems associated with production and despatch operations
- Document (policy, procedure and form) reviews in association with other team members
- Taking an active role and setting an example in compliance, safety and food safety
- Developing and maintaining positive working relationships
- Engaging in meetings and provide input into planning, scheduling and offline activities
- Implementation of continuous improvement processes and new technologies

**ABOUT YOU:**

- Goal oriented and possessing of high levels of energy
- Experience in working within and developing teams and supervising multidisciplinary teams
- Exceptional communication, analytical and problem solving skills
- Excellent computer skills
- Mechanical aptitude
- Experience in FMCG and/or wine industry would be an advantage

**WHAT DO WE OFFER?**

- Competitive salary package including superannuation and a product allowance
- A great work/life balance
- Training and development opportunities
- Discount of company products (wine, ginger beer and spirits)

Join us and be part of a dynamic team, who aim to meet production targets while creating and sustaining an enjoyable and rewarding work environment.

**Notification of Proposed nbn™ Radio Network Base Station Facility**

The National Broadband Network (nbn) is a high speed broadband network designed to reach 100 per cent of Australian premises and provide the communications infrastructure to help us stop falling behind in an increasingly online world.

nbn is committed to delivering leading edge broadband services to all Australians by leveraging the three types of technology available - fixed line, fixed wireless and satellite, depending on location.

As part of the fixed radio (wireless) component of the Network, nbn is proposing to expand the existing radio network base station at Lot 13 Needles Road Williamstown SA 5351 (CT5291/379) (RFNSA Site No. 5351006). The works are to provide high quality wireless broadband services to customers in the surrounding localities.

The proposed works on site will involve the upgrade of existing technology upon the facility including and not limited to the replacement and installation of new antennas, radiocommunication dishes and associated ancillary equipment to enhance transmitting technology. Furthermore the works will involve the replacement and addition of equipment shelters/outdoor units adjacent to the facility.

nbn regards the proposed installations as a Low Impact Facility under the Telecommunications (Low-Impact Facilities) Determination 2018. In these circumstances, it does not require planning approval from Council. This notification is undertaken in accordance with the requirements of Section 7 of the Mobile Phone Base Station Deployment Code 2018.

Further information on this specific proposal can be obtained by calling Visionstream on 1300 745 210.

Written submissions can be sent to: nbn Planning Team, Locked Bag 4001, Moorabbin VIC 3189 or via email to [nbnwirelessvc@visionstream.com.au](mailto:nbnwirelessvc@visionstream.com.au).

The closing date for submissions is 6th February 2020.

For general info on the nbn, email [info@nbn.com.au](mailto:info@nbn.com.au), or visit our website at [www.nbnco.com.au](http://www.nbnco.com.au).
