

POSITIONS OPEN

DECEMBER 2020

Regional
Development
Australia

BAROSSA • GAWLER • LIGHT • ADELAIDE PLAINS

RDA Barossa Gawler Light Adelaide Plains is a regional organisation with a Board drawn from local industry leaders invested in sustainable regional economic development. We encourage and support the establishment of new enterprise, particularly enterprise that adds value to existing industries, that is place based and that provides future value jobs for our residents. We mobilise local labour markets, support local business to grow, prosper and innovate, facilitate the path to exporting and build the networks that help business connect, innovate and thrive. We operate a regional universities centre to build a pool of qualified workers and support access higher education.

Our working pattern is disruptive and disrupted, we are opportunity driven guided by clear strategy. We are responsive, connected and creative in the way we work towards solutions for the region and our enterprises. All our local government areas are important individually and collectively for their contribution to talent and incomes in the region.

With two staff members recently moving on to exceptional opportunities outside the region we are looking to build our team with key capabilities and skills in people committed to the best outcomes for our region.

Key Capabilities (as more than one position, it is not necessary that each candidate have all of these):

- Project Management
- Project Development (eg helping a proponent build and test a business case)
- Strategic Foresight/Planning
- Workforce Design & Development
- Grants applications
- Business management
- Knowledge of finance system/access to finance
- Creative thinking
- Working with information/data analysis
- Grasp of the Sustainable Development Goals
- Infrastructure demand assessment
- Relationship development, network building

The following will be well regarded

- HR experience
- Creative Industries knowledge
- Digital Technologies
- Industry Clusters
- Green Industries; Waste
- Regenerative and Sustainable Agriculture
- Knowledge of the following priority sectors for the region:
 - Wine Tourism; Recreational Tourism
 - Food and Agriculture; Horticulture
 - Creative Industries (digital and arts)
 - Communications and Events

There may be two or three roles with a mix of full and part time so please indicate your preference in a covering letter referring to relevant skills and capabilities and indicating why you wish to work in regional development in this region.

Letters of application accompanied by informative CV to be forwarded to admin@barossa.org.au. All applications will be treated confidentially.

Applications will be assessed from the 16th December with an anticipated commencement date of February 2021 or by negotiation.
