Community behind LDS scarecrow trail display

This year the Lutheran Disability Services home at 18-20 River Road, Nuriootpa are involved with the Barossa Vintage Festival by entering the scarecrow trail display.

The display represents the importance of family, love and togetherness and was inspired by the sense of isolation that many people in our community experienced during the COVID-19 pandemic.

This being isolation, disconnect, disrupted routines and diminished services which have greatly impacted the lives and mental well-being of people with disabilities right around the world.

LDS help build communities and

support their clients to thrive within their communities.

During COVID restrictions support workers found new and interesting ways to safely provide socially distanced community interactions such as visiting local parks, going on walks and playing board games to help clients well-being and mental health.

By creating a scarecrow, they can connect with others in the community and build wellness for clients and support workers.

To vote for the LDS display please use the voting slip in the The Leader and select scarecrow number 58, 18-20 River Road, Nuriootpa.

David Leske, David Pfeiffer, Adam Wall and seated Chelsea Obst with their scarecrow display.
