#### Authorisation for Weed Control on Road Reserves

Pursuant to Section 221 of the Local Government Act 1999, it is an offence for a person to make an alteration to a public road, which includes the interference with vegetation on a road or the removal of vegetation from a road, without an Authorisation to do so from the relevant council.

For the purpose of controlling declared plants on roads in its area, the Adelaide Plains Council hereby authorises land owners adjoining the road reserve in its Council area, who would otherwise be responsible for the payment of the costs and expenses of such removal to Landscape SA Northern and Yorke, to remove from the road reserve the declared plants and only the declared plants pursuant to the Landscape SA Act 2019.

Before undertaking any such control the land owner must consult with a Landscape SA Northern and Yorke officer, and the Adelaide Plains Council, with regard to the control methods to be used. The land owner shall accept full responsibility for, and must ensure that any weed control activity, including the use of chemicals and/or spraying, does not interfere with or cause damage to the road reserve, native vegetation, or in any way affect the property of any other person.
