BTG Vacancies – Quality Department

Rosedale – 2 positions

BTG Australasia, is a division of a growing international specialty pharmaceutical group that is a dedicated ally to healthcare providers treating patients with critical conditions, focusing on emergency care and rare diseases.

Our portfolio of rescue medicines makes a

real difference in the lives of patients and their caregivers and that gives every one of our employees a sense of purpose.

We currently have a great opportunity based in Rosedale in the beautiful Barossa Valley for an experienced QC Supervisor and a QA Officer.

QC Supervisor

About the role

The Quality Control (QC) Supervisor will work with the Quality Manager as a senior member of the Quality department to facilitate the use of BTG's Quality Management Systems (QMS), release product and related consumables to ensure adequate supply for export. You will

manage the QC team to ensure all required sampling is performed and to deliver agreed testing output to the supply chain and work with the Australian Leadership Team (ALT) to deliver those production requirements to the required cost, quality and time targets.

Principal Responsibilities:

- Maintain effective Quality Control testing programs
- Operation of the Quality Management System and continuously review and report on key quality indicators
- Review all completed documentation to determine disposition of assays
- Drying and implementing continuous improvement
- Maintaining WFT standards

- Participate in development and maintenance of QC policies and procedures
- Conducting GMP audits to ensure compliance with cGMP as recommended by the TGA
- Conducting various projects to improve quality control
- Identifying and delivering appropriate training
- Prepare, review, verify or authorise controlled documents as required

Skills & Experience

The successful candidate will possess academic qualifications in a scientific discipline such as Chemistry, Biochemistry, Microbiology, Immunology, Pharmacy or Life Science.

We are looking for a self-motivated, creative thinker able to solve problems, question the status quo and consider innovative solutions to complex issues. Previous experience in a senior quality role, preferably within the Pharmaceutical/Biotechnology industry would be beneficial.

QA Officer

Reporting to the QA Supervisor, this role encompasses the allocation of activity batch numbers for scheduled immunisations and assay production, along with auditing manufacturing records for compliance with SOP's and GMP requirements. Additionally, you will ensure discrepancies are reconciled and investigations closed out in timely fashion. The role will require you to work closely with manufacturing groups as part of an integrated team and also enable you to participate in external and regulatory audits, representing QA on corrective and preventative action plans.

Appropriately, this role requires an individual possessing at least 2 years + experience gained within regulatory, QA or GMP environment.

What you will get in return

- 5 weeks annual leave
- Extra 3 days Xmas Leave
- Company Bonus scheme

coupled with experience in electronic QMS such as Compliance Wins, Trackwise, Prologix, Master Control or other relevant systems. The QA Officer will get involved with supplier management, conducting and/or leading internal/external audits (TGA, FDA, MHRA, ISO etc). This role is heavily involved with assigning and coordinating manufacturing batch records.

Relevant tertiary qualifications will be viewed favourably. This role will appeal to a refined communicator possessing a calm, level headed approach, high attention to detail, and strong time management skills. If you're looking for a genuine challenge within a close-knit team environment, why not consider this terrific opportunity.

Both roles are complemented by a remarkable work location in the Barossa Valley and supported by great teammates.

If you are looking to align yourself with a global leader that is committed to its employees, you value team success and want to achieve significant results...then BTG is the place for you.

How to apply:

DRAFT Annual Budget and Business Plan 2022-23

Incorporating the annual review of the
Long Term Financial Plan 2022-23 to 2031-32.

As part of its annual business planning activities, Council is currently preparing its Annual Budget and Business Plan for 2022-23. The draft Plan illustrates Council's proposed activities and projects and how they will be funded for the 2022-23 financial year.

The high-level Long Term Financial Plan (incorporated within the Annual Budget and Business Plan document) expresses in financial terms, the activities that Council proposes to undertake over the medium to longer term to achieve its stated objectives, ensuring the financial sustainability over the period of the plan.

The draft Budget and Business Plan incorporating the annual review of the Long Term Financial Plan is available on Council's website barossa.sa.gov.au and at the front desk of the Nurioolpa offices from 15 June 2022 and available at our community engagement site younsaybarossa.sa.gov.au from 22 June 2022.

Residents are encouraged to read the document and have their say.

People can make verbal submissions at the Nurioolpa Council chambers on Wednesday 4 July 2022 from 7.30pm to 8.30pm. Feedback can also be given at younsaybarossa.sa.gov.au via Facebook (facebook.com/thebarossacouncil), via email (barossa@barossa.sa.gov.au), or in writing (PO Box 867, Nurioolpa SA 5355) from 22 June to 12 July 2022.

TURKEY
FLAT
VINEYARDS
BAROSSA VALLEY

CHIEF WINE MAKER

- Work and live in the beautiful Barossa Valley
- Highly acclaimed South Australian Winery

Turkey Flat is tucked away on the edge of Tasmania in the beautiful Barossa Valley, surrounded by historic vineyards dating back to 1847.

The name Turkey Flat Vineyard derives from the Prussian settlers of Bethany and Langmeil in the early 1840s.

They noticed that a large native bird frequented the rich flats located towards the lower end of the Tasmanian Creek.

They called the site 'Turkey Flat', as a result the significance of the bird and the original landscape it came from, symbolises the artwork on the Turkey Flat Vineyard's wine labels.

The Schulz family have been custodians of Turkey Flat since the 1860s, and the fourth generation of the Schulz family, headed by Christie Schulz, are the current caretaker/proprietors of this remarkable estate.

The role of Chief Winemaker has now become available.

Key areas of responsibility include:

- Vintage Co-ordination
- Blending to the style of Turkey Flat ready for onsite bottling
- Winery Management and coordination
- Winery Maintenance
- Oversee the Warehouse and Bottling line manager
- Work closely with the Vineyard Manager to achieve quality fruit production
- Wine focused public relations activities

Due to the timing of Advertising this role last year, the appointment was put on hold to post vintage 2022.

We are now delighted to re-launch this exciting, busy, rewarding key position, ideal for a hands-on wine maker wishing to lead and work with a small team of passionate wine professionals. You will be the person who wants to show your creativity through expressive wines, by controlling all aspects of wine production.

Completed tertiary qualification in Oenology with a minimum of 5 years' experience in a similar role is strongly preferred. An attractive remuneration package will be offered commensurate with your qualifications and experience.

For details of the Position Description visit www.vuca.com.au/tfw.

For further enquiries or to forward your letter of application and CV, email tfw@vuca.com.au by 5pm on Tuesday 5 July 2022.

Maintenance Electrician

Fulltime position – Winery Maintenance

About Us:

For three generations the Taylor family have crafted great Australian wines in the Clare Valley, South Australia. We understand that truly great wines are made in the vineyard and that the art of fine winemaking is to respect and capture the essence of the vineyard site and to highlight the unique varietal expression of each grape variety.

The Role:

The Maintenance Electrician conducts preventative maintenance tasks including general maintenance on the company's electrical distribution, controls, lighting, emergency systems, building services plant room, bottling line, all cellar assets, and electrical systems.

What you bring to the Role:

We are looking for a positive and proactive team member to join our winery maintenance team & ideally you will exhibit the following:

- Certificate III in Electrotechnology Electrician and Workers Registration – Electrical (3rd or 4th year apprentice applications welcome)
- Experience in PLC programming, preventative maintenance, and computerised maintenance management systems
- Strong organisational skills with the ability to prioritise workload to meet production requirements
- Effective communication and interpersonal skills to liaise with various internal & external customers
- Ability to diagnose, fault find, and problem solve
- Has current HRW licences (Forklift, Scissor Lift & EWP) and First Aid Certification
- The ability to work as part of a team with minimum supervision and can work flexible hours (including weekends during vintage) to meet our operational demands
- Strong understanding and practice of food hygiene and food handling concepts
- Experience within the wine industry or related industry (desirable).
